

[Duplicate Photo Finder 2020 Crack With License Key Free Full Download](#)

The screenshot shows the Easy Duplicate Finder application window. The interface is divided into three main steps:

- Step 1: Select folders**: A file explorer on the left shows the drive structure. A central panel has "Add", "Remove", "Clear", and "Wizard" buttons. A list of folders to be scanned includes "D:\Downloads\", "D:\Fonts\", and "D:\My Documents\". A "Drop Folders Here to Scan" area is on the right.
- Step 2: Begin Scan**: A table lists scanned files. A modal dialog box is open, asking "Do You really want to delete selected files?" with options to "Move files to Recycle Bin" or "Delete files permanently".
- Step 3: Resolve Duplicates**: A summary bar at the bottom shows "Files scanned: 5085", "Original files + duplicates: 22 + 22", "Disk space usage: 148.34 MB + 148.34 MB", and "Selected: 2 / 31.29 MB".
